OUR SERVICES

360 DEGREE BIN
MANAGEMENT

WASTE SORTING
& RECYCLING

HIGH PRESSURE
CLEANING

360° Bin Management Solution

No more broken bins, bad
odours, or unsightly
garbage areas

OUR SERVICES

360° Bin Management

- Garbage Area & Bin Cleaning
- Bin Repairs
- Bin Suppliers

OUR SERVICES – Bin Cleaning

Cleaner Bins Eliminating Odours

High-pressure cleaning using biodegradable chemicals and deodorizers all combine for a spotless and odour-free clean

Sludge-removal

The mobile unit removes the sludge produced from the bin cleaning, preventing foul odours, and wastewater from entering stormwater drains or dirtying the bin areas

Eco-Friendly

The Wazisa system uses less water by employing high pressure cleaning equipment, and a 4-layer filter system to enable the reuse of water. All wastewater is disposed of ethically via municipal channels, and only biodegradable chemicals are used

OUR SERVICES – Bin Repairs

- Extend the Lifespan of your bins – reduce costs
- Prevents messy and smelly bin areas
- Quality workmanship

OUR SERVICES – Bin Suppliers

- Wide range
- Customized to your needs
- Quality and durability
- Eco-friendly bin options
- Cost-Effective Solutions

eco-friendly

High Pressure Cleaning

Deep clean the hard to clean areas & protecting the environment

OUR SERVICES – High Pressure Cleaning

- Revitalize the appearance of building facades, walls, furniture, roofs etc.
- Avoid the need for costly repairs or replacements and prolong the lifespan of your property features
- Eco-friendly cleaning

Waste Sorting & Recycling

Clean garbage areas
and protecting the
environment

WASTE SORTING & RECYCLING

- **Comprehensive Waste Sorting:** Our waste sorting services cover various types of waste, including plastics, paper, glass, metals, and organic waste. We employ efficient sorting techniques to ensure proper categorization and maximize recycling potential.
- **Customized Solutions:** We understand that waste management needs vary. Our waste sorting services are tailored to your specific requirements, offering flexible solutions that align with your sustainability goals.
- **Responsible Recycling:** We collaborate with reputable recycling partners to ensure that the sorted waste is sent to authorized recycling facilities, where it undergoes proper processing and is transformed into valuable secondary resources.
- **Compliance with Regulations:** Our waste sorting and recycling services adhere to local and national waste management regulations, ensuring legal compliance and promoting responsible waste disposal practices.

Mandela

CASE STUDY

Waste Management at Cresta Shopping Centre

CRESTA

SHOPPING CENTRE

CASE STUDY

Waste Management at Cresta Shopping Centre

- **THE CHALLENGE**

- Food outlets generate 50 wheelie bins of garbage, twice per week.
- Customer and tenant complaints due to bad odours and unsightly bins in mall corridors and eating areas.
- Blockages in stormwater drains caused by improper disposal of dirty water from bin washing.
- Damaged bins.

CITY LODGE

CASE STUDY

Waste Management at Cresta Shopping Centre

CASE STUDY

Waste Management at Cresta Shopping Centre

- **THE CHALLENGE**

- Have to keep hygienic and green environment because of waterfall city green status
- Current waste management provider no longer sorting and taking cardboard
- Current waste collector not regular nor consistent
- No clear responsibility for waste room
- Waste room clutter which is not far from reception is unhygienic and can result in pests entering hotel
- Need to improve enterprise development and supplier development levels for maintaining empowerment status

CITY LODGE

CITY LODGE
